PSYC 4750	Advanced Statistics	Each Fall	
PSYC 4825	Senior Thesis	Each Fall	
PSYC 4925	Senior Capstone	FA & SP	X
PSYC 4950	Senior Assessment	FA & SP	X

Notes: These are general trends and not guarantees. Faculty leaves and sabbaticals may alter the course deliver schedule. Low enrolled classes (less than 10 students) may be cancelled. Courses offered in fall and spring (FA & SP) are typically offered in different formats each semester (e.g., Fall Daytime and Spring Night/Online). Courses offered on a 1 per year will typically not be offered in consecutive semesters. Summer classes are not included in the above schedule. Typically, only a handful of courses are offered in the summer. Most of which are offered in an online format. The list of courses does not include reading courses and labs which are offered on an as needed basis.
